

47x26mm

The image shows a technical drawing of a roof ridge cross-section. It features a grey trapezoidal shape on the left and a grey rectangular shape on the right. A blue double-headed arrow indicates a height of 47x26mm for the trapezoid. A pink double-headed arrow indicates a total height of 49x28mm for the entire assembly. The drawing is set against a light grey background with a blue border.
